

Welcome to Medcorps Asthma and Pulmonary Specialists.

You are scheduled to see the provider at:	
-	

Please arrive 20 minutes early to check in with receptionist and the nurse. Your appointment time is the time you see the provider, not the time you arrive.

We want to make your appointment informative and efficient. During your consultation, we will review your medical history, perform a physical exam and discuss your goals. We encourage you to make a list of questions.

Before your appointment, please complete and return all paper work from our office, provide us with any previous diagnostic imaging, labs, PFT, or sleep study reports, and any previous medical records from other pulmonary providers.

We ask that you and anyone coming to the office with you, not to use perfume, cologne or scented lotion. We also ask that you and anyone coming with you to the office not smell of cigarette smoke. Please do not smoke 4 hours prior to your appointment.

Office Visit Policy

All patients will be required to present a photo ID, their current medical insurance card and deductible and co-pay payments at every office visit. If your insurance requires authorization number or referral, please be sure your primary care physician has obtained one for you or your appointment will be rescheduled.

Patients without verifiable health insurance will be required to demonstrate a form of payment before being seen.

Service Animal Policy

Trained service animals, whether accompanied by individuals with disabilities or by trainers of service animals, are permitted in Medcorps Asthma and Pulmonary Specialists Offices, in compliance with the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973 (Section 504) and applicable state law. We intend that the broadest access be provided to service animals and persons using service animals, and trainers of service animals, be afforded independent access to Medcorps Asthma and Pulmonary.

All service animals must always remain on a leash and be appropriately controlled.

Owners of service animals shall be liable for any harm caused by the animal to Medcorps Asthma and Pulmonary Specialists, its officers, agents, employees, patients, and visitors.

Pets or animals whose sole purpose to provide comfort or emotional support do not qualify as Service Animals under the American with Disabilities Act. Pets and comfort animals are not permitted.

Refill Policy

A one-time, one-month courtesy supply of medications may be given to patients who miss an appointment or need a follow up appointment.

Please have your pharmacy fax refill requests to 856-352-6710.

Prior Authorizations

Our office will complete any prior authorization paperwork required by your insurance company. Authorizations can take up to 14 days after all information is submitted. Specialty medications can take longer. We do not recommend scheduling your test without the authorization. Starting the prior authorization yourself or having another doctors office start the prior authorization will significantly slow the process.

Cancellation Policy

Please call at least 24 hours before your office visit to cancel an appointment. You may be assessed a missed appointment fee if you cancel with less than 24 hours notice or you miss an appointment completely. Missed appointment fee is \$50.00

Multiple Late Cancellations / Missed Appointments

You will no longer be given scheduled appointments after two incidents of cancellations with less than 24 hours notice given and/or missed appointments. You may call the office for a same day appointment. If one is available, you will be seen by a provider. No refills will be called into pharmacies

Dismissal from Medcorps Asthma and Pulmonary

Grounds for dismissal include but are not limited to yelling, cursing, threatening, staff or providers, failure to pay for services, failure to return equipment.

Insurance Claims/Billing

Medcorps Asthma and Pulmonary Specialist participates with most major insurance carriers. As a courtesy to our patients, we will file insurance claims for those insurances with which we participate. Please remember, any amount not covered by insurance is ultimately the patient's responsibility.

Payment

Payment will be requested at the time of service for all services that are non- covered or determined to be the patient's responsibility, including co-payments and deductibles from care you received at a rehabilitation facility or hospital.

Payment may be made by cash, check, Master Card, or Visa. We realize that deductibles are very high, and we will gladly set up payment plans. If you have a question regarding insurance, billing or our fees, please call the office.

How is your COPD? Take the COPD assessment testTM (CAT)

This questionnaire will help you and your healthcare professional measure the impact COPD (Chronic Obstructive Pulmonary Disease) is having on your wellbeing and daily life. Your answers, and test score, can be used by you and your healthcare professional to help improve the management of your COPD and get the greatest benefit from treatment.

For each item below, place a mark (X) in the box that best describes you currently. Be sure to only select one response for each question

Example: I am very happy	0	X	2	3	4	5	I am very sad
I never cough	0	1	2	3	4	5	I cough all the time
I have no phlegm (mucus)	0	1	2	3	4	5	My chest is completely full of phlegm (mucus)
My chest does not	0	1	2	3	4	5	My chest feels very tight
When I walk up a hill or one flight of stairs I am not breathless	0	1	2	3	4	5	When I walk up a hill or one flight of stairs I am very breathless
lam not limited doing	0	1	2	3	4	5	I am very limited doing activities at home
I am confident leaving my home despite my lung condition	0	1	2	3	4	5	I am not at all confident leaving my home because of my lung condition
I sleep soundly	0	1	2	3	4	5	I don't sleep soundly because of my lung condition
I have lots of energy	0	1	2	3	4	5	I have no energy at all

Name:	Today's Date:

The Epworth Sleepiness Scale

How Sleepy Are You? How likely are you to doze off or fall asleep in the following situations? You should rate your chances of dozing off, not just feeling tired. Even if you have not done some of these things recently try to determine how they would have affected you. For each situation, decide whether or not you would have:

- No chance of dozing =0
- Slight chance of dozing =1
- Moderate chance of dozing =2
- High chance of dozing =3

Write down the number corresponding to your choice in the right hand column. Total your score below.

Chance of Dozing	Situation
	Sitting and reading
	Watching TV
	Sitting, inactive on a public place (e.g. a theater or meeting)
	As a passenger in a car for an hour without a break
	Lying down to rest in the afternoon when circumstances
	permit Sitting and talking to someone Sitting quietly after
	lunch without alcohol
	In a car, while stopped for a few minutes in the traffic
	TOTAL SCORE

Interpretation:

- 0-7: It is unlikely that you are abnormally sleepy.
- 8-9: You have an average amount of daytime sleepiness.
- 10-15: You may be excessively sleepy depending on the situation. You may want to consider seeking medical attention.
- 16-24: You are excessively sleepy and should consider seeking medical attention.
